

COMMENTS

These comments are filed in reply to the Examiner's Statement of Reasons for Allowance dated March 7, 2007.

Applicant wishes to thank the Examiner for the allowance of claims 1-9 and 11-21. Further, Applicant agrees with the Examiner's statement that the prior art does not disclose "monitoring at least one parameter; and, communicating, when the parameter attains a specified value, a command to redirect" as recited in claims 1, 11, 19 and 21.

However, the Examiner's amendment of claim 19 contains a typographical error, which Applicant requests be corrected. For completeness, Applicant provides a listing of claims, with claim 19 showing the amendment required to correct the error. Additions are shown by underlining and deletions are shown in brackets [[]].

CONCLUSION

Again, Applicant thanks the Examiner for allowance of the claims and requests that the amendment be entered. If any issues are deemed to remain prior to allowance, Applicant invites the Examiner to contact the Applicant's undersigned Attorney.

Dated: June 7, 2007

Respectfully submitted,
